School of Electrical  
Engineering

***Award for  
High-quality Teaching  
in the Academic Year 2021 - 2022***

The award for high-quality teaching is awarded in the series of  
bachelor level courses to the course  
ELEC-C5340 Applied Digital Signal Processing  
and its teaching staff.

For outstanding support that has challenged the students on great learning  
process and results.

**Course teachers**

**Antti Kuusinen, teacher in charge**

**Vesa Välimäki, teacher**

**Leonardo Fierro, teaching assistant**

**Kuura Parkkola, teaching assistant**

**Ville Pulkki, teacher**

**Jorma Laaksonen, teacher**

**Risto Wichman, teacher**

**Paavo Alku, teacher**

**Mikko Kurimo, teacher**

The recipient of the award is nominated by the Committee for Quality of  
Education (OpLaa) based on students' course feedback and  
a qualitative evaluation of courses.

Prof. Anouar Belahcen

Vice dean in charge of teaching, chair of OpLaa
